Bloodline	East / Central / Southern Africa	

**PREGNANCY STATUS**

Preg. status	To be certified
Running with	32 4/8" + Pieter (T-T of 20")

**COMMENTS**

Strong, well balanced, long horned cow with exceptional dark red coat colouring. Her dam Yellow R21 is one of the top breeding cows at Pymat with most of her offspring measuring way above average compared to other individuals in their age groups.

Taking her genetic breeding potential into consideration, Kaya is a jewel. Being covered by 32 4/8" + Pieter adds even more value, and will make Kaya one of the most genetically advanced roan cows in the industry.
